Presentation of results

Where percentages are used, they are rounded to the nearest whole number. All the percentages are calculated as a proportion of respondents to each question except where a large number of survey respondents did not answer the question, in which case the percentages are calculated as a proportion of total survey respondents. Where the number of respondents to the question was very low, only the number of responses is shown. Note that if respondents could select more than one answer to a particular question, the percentages may add up to more than 100%. In some instances quite high numbers of respondents did not answer a particular question and this should be taken into account when interpreting the results. For those questions that included a free text box for 'other' options please note that as this option was not always listed as a tick box option in such cases those that selected 'other' are not included in the responses to the main question. The 'other' responses appear in the separate lists of free text comments.

Answers to questions requiring a free text answer are not included in this report, only the number of respondents. The comments provided can be found in a separate document 'Sutton St Nicholas Community Led Planning Questionnaire - full list of comments'.

Results

One questionnaire was complete on behalf of all the members aged 18 or over in each household. There were 269 completed responses received for the adult questionnaire while a total of 75 responses received for young people's questionnaire.

There were 18 comments made as follows:

“A bit too old for that”

“Although the new playground looks very good I am too old to use it. I would have loved to have played there when I was younger”

“Didn't know there was one”

“Do a lot of sport, so I don't have time”

“Good, nice, small and quiet village to live we've got everything we need here, I have been”

“I am 15 and too old for playgrounds”

“I am too old”

“I don't even know where it is”

“I think the facilities available are enjoyable for younger children but I find them less interesting being the age I am”

“No need to go”

“The equipment provided is for younger children”

“The playground is more suitable for older children, my 2 year old sister cannot use much of the facilities”

“Too old” (2)

“Village shop in Sutton!” (2)

“We did not know that there was one there” (2)

Q10. Is there anything else you would like to say about where you live? (please write in the box below)

There were 23 comments as follows:

“A safe cycle route to Hereford. A shop and Post Office”

“A shop in the village would be useful because we have to use the 'Mace' shop in the next village” (2)

“A small shop would be pleasant. Make sure the fate is known about to encourage the community to get involved”

“Being a full time C/W singer would love to put on some shows to raise money for Sutton”

“Better internet access” (3)

“Cheaper non-school buses would be good”

“Clubs for young people, Cubs, Scouts etc. A youth club”

“Community/parish police officer needs to be here more often. Kids movie screening. Airfix and Lego building, hunting club (+12), Board game, art and craft, horse riding/pony trekking, Wildlife Watch, cookery clubs. Produce shop, sweet shop”

“I believe that a shop would definitely improve the village and I would frequently use it, as would others”

“I like living in Sutton because I have lots of friends”

“I like playing in Sutton quarry”

“I love living in Sutton St.Nicholas”

“It's quite quiet and there's not much for young people to do partly because families with younger teenage children moved away to places with local amenities. Sutton's got plenty of facilities for young children and the elderly but it often feels like young people are left out of decisions regarding events etc in Sutton”

“Like the new(ish) school”

“Litter free, friendly people, kind children”

“The cars parked outside the pub because I can't see when I walk to/from school”

“The park is very nice built perhaps there could be more benches (not in the wooden hut). I get on the bus every morning and sometimes it rains, maybe a small but shelter would be nice. We drive to Marden to play tennis or get a loaf of bread - maybe there could be these in the village”

“The reason I ticked 'good' on the park is because in school assembly they showed us what it would look like, but it looks nothing like the picture”

“The village would be better with a shop so people don't have to drive into Hereford or Marden. A Post Office for everyone in Sutton. More stuff for children to do like disco's and more at the playfield”

“We should have a village shop”

SUTTON ST. NICHOLAS COMMUNITY-LED PLAN

QUESTIONNAIRE FOR YOUNG PEOPLE
(6 to 17 years of age)

A Community-Led Plan is being produced that will concentrate on the main issues affecting the parish of Sutton St. Nicholas now and in the future.

The opinions of young people are very important to us and this questionnaire will enable you to express your views.

Without a Community-Led Plan, decisions may be taken that do not reflect your wishes. That is why it is so important that you take the time to complete the questionnaire, it is your opportunity to have your say about how you would like our parish to develop. One questionnaire should be filled in by all young people per household between the ages of 6 and 17 years.

Your replies will be treated in strict confidence.

Thank you for your help.
