The Safer Neighbourhood Team have recently piloted a property security marking event at Bridge Sollars Community Centre for local residents. The event was advertised by the local parish council. Residents were encouraged to bring along their larger gardening related items such as lawn mowers, trailers, strimmers etc. The items are then permanently marked with the owners postcode which can act as a deterrent to thieves or can assist police when making enquiries and locating the genuine owner. If you would like further information or a similar event to be held in your area, please feel free to contact the team.

If you have any information which can assist police with enquiries, please call **101** or email
