It would appear offenders have scaled the outer wall and have made a small hole next to the door handle on the French doors at the rear of the premises. An untidy search has been carried out and jewellery stolen from within.

Plastic and paper had been burnt on the bandstand which has left a small amount of burnt plastic and scorch marks on the wooden flooring.

Wellington

Sometime in a 24 hour period from the 8th-9th February, persons unknown have entered a small fenced rural area in Wellington. They have taken a large cattle feeder which is valued at £1800 and had been newly painted dark green (apart from the feeding bars), the wheels were painted bright silver and it had brand new black plastic base sheeting fitted. The cattle feeder would have needed to be lifted via a mechanical lifting device and would require a large vehicle to transport it.

Between 26th and 28th Feb. Burglary has taken place at a property within the village. Person(s) unknown have gained access to the premises by forcing a locked window in the conservatory to the rear of the property. A tidy search has then been conducted and a quantity of cash and £200 jewellery has
