

Dear Customer

A49 Roman Road to Hope under Dinmore road markings and road stud replacement.

What we're doing and why? What are the benefits?

We'll be repainting the road markings and replacing the road studs along the A49 between the Roman Road and Hope under Dinmore. The completed work will make the road safer through clearer markings and road studs for road users.

We will also be resurfacing the A49 St Marys Church lay-by which has shown clear signs of deterioration. Work will include repainting the road markings and replacing the road studs. The resurfaced lay-by will ensure a smoother, quieter and safer road.

When will this work take place?

We will work from **30 March 2020** to **04 April 2020, Monday to Friday, 8pm to 6am**. The work will be completed under a full carriageway closure of the A49.

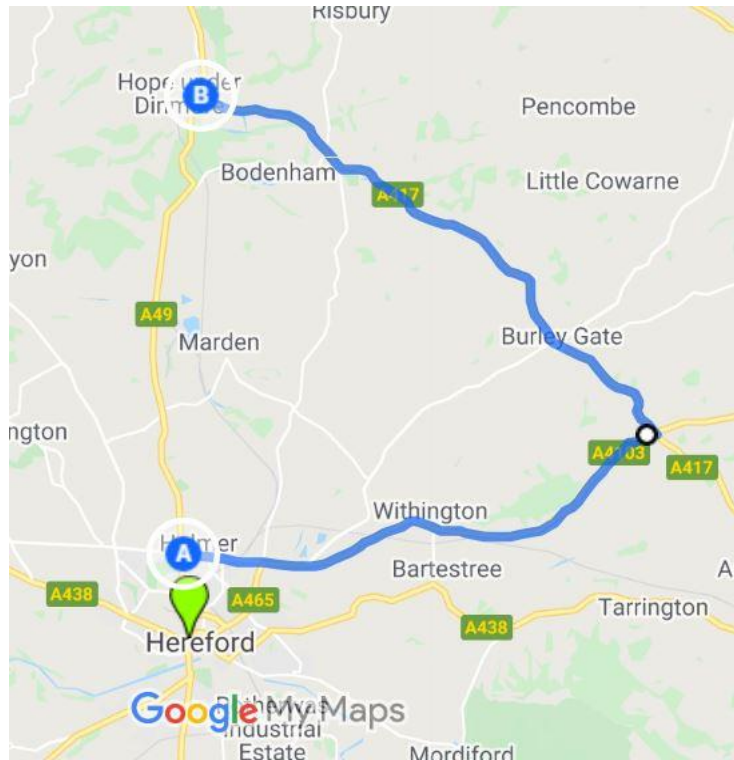

What does this mean for you

During closures, we'll provide a signed diversion route. This has been agreed by Herefordshire Council. Emergency vehicles will have access through the work.

The diversion route from the A49/A417 Hope under Dinmore junction is via the A417, A4103 and Roman Road.

The diversion route from the A49/Roman Road junction is via Roman Road, A4103 and A417.

I have included the diversion on the rear of this page for your reference.

I would also like to apologise in advance for any inconvenience or disruption to those living close to the work. We'll make every effort to carefully manage noise levels and additional lighting to minimise the impact.
