

## A National Highways notification

### A49 Lyde to Dinmore resurfacing work

We'll be carrying out targeted resurfacing work along the A49, between Leominster and Hereford. Our work will include laying a material to increase the roads surface friction, also known as high friction surfacing. We'll also be replacing road markings and road studs. The completed work will provide a safer road, including clearer road markings.

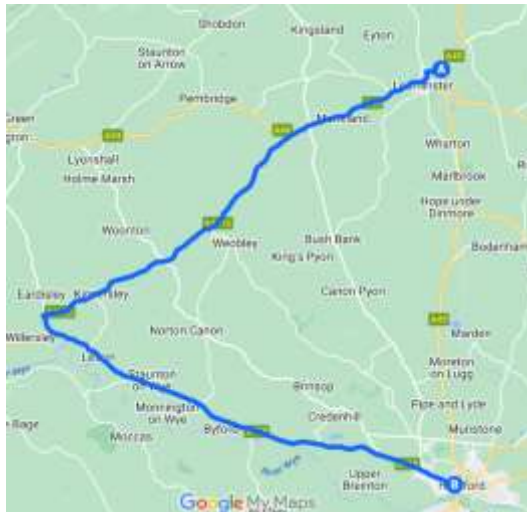

We'll work from **Monday 13 February 2023** to **Friday 17 February 2023** for 5 nights. Our work will be carried out overnight when traffic counts are lower between 9pm and 6am.

To carry out our work safely, there will be a full closure of the A49 from A49 Ludlow Road / A44 Mill Street roundabout and A49/A4103 Starting Gate roundabout, both northbound and southbound direction.
